

## **Sophia Ramirez**

Austin, TX 73301 | (555) 789-0123 | sophia.ramirez@email.com

### **Dialysis Registered Nurse With 8 Years of Experience in Renal Care**

**Experienced dialysis RN specializing in hemodialysis and peritoneal dialysis for patients with chronic kidney disease (CKD) and end-stage renal disease (ESRD). Skilled in vascular access management, fluid balance monitoring, and patient education. Passionate about improving patient quality of life through individualized dialysis treatment plans and compassionate care.**

## **Professional Experience**

### **Dialysis Registered Nurse**

*DaVita Kidney Care, Austin, TX | April 2019 - Present*

- Provide dialysis treatment for an average of 12 patients per shift, ensuring safe and effective fluid removal and waste filtration
- Monitor vascular access sites for complications, reducing catheter-related infections by 20% through enhanced infection control measures
- Educate patients on dietary restrictions and fluid management, improving adherence to treatment plans and reducing hospitalizations by 25%
- Assist nephrologists in adjusting treatment protocols based on patient lab results, ensuring optimal dialysis outcomes

### **Registered Nurse – Inpatient Dialysis Unit**

*St. David's Medical Center, Austin, TX | July 2016 - April 2019*

- Delivered bedside hemodialysis treatments for critically ill patients in ICU and step-down units
- Managed electrolyte imbalances and adjusted treatment parameters to maintain patient stability during dialysis sessions
- Implemented a patient safety initiative that reduced hypotension-related complications during dialysis by 15%
- Trained new dialysis nurses on proper machine setup, patient assessment, and emergency interventions
