WWW: LinkedIn | Portfolio

A recent graduate with a bachelor's degree in computer science, specializing in software development, AI, and data science. Adept at creating elegant, scalable code and refining ML algorithms to deliver high-impact software applications.

Professional Experience

Software Developer Intern

BrightCode Solutions, Philadelphia, PA | May 2024 - Current

- Supported a team of software engineers in developing and testing new features for a data visualization platform with over 8,000 users
- Created scalable code and Python scripts to automate data entry processes by 19%
- Coordinated with cross-functional teams to evaluate user needs and enhance platform functionality, contributing to an 8% increase in user satisfaction

Academic Projects

Temple University, Philadelphia, PA | August 2022 - May 2024

- Collaborated with a team of five students to design an AI-powered chatbot for university administrative support and created ML models to improve the quality and accuracy of responses by over 32%
- Delivered a presentation to faculty and peers on project results, garnering recognition for technical innovation and creative use of deep learning models

Key Skills

- AI
- Data modeling
- Python programming
- Big data
- ML
- Software engineering

Education

Bachelor of Science (B.S.) Computer Science May 2024

Temple University, Philadelphia, PA
