### Business consultant optimizing strategies for revenue growth

Eight years of experience in strategic planning, financial modeling, and business process optimization across industries including technology, healthcare, and financial services. Partnered with startups, mid-market firms, and Fortune 500 companies to streamline operations, enhance forecasting accuracy, and implement cost-saving initiatives. Drove double-digit revenue growth, reducing operational costs by up to 25%, and enabling scalable business models through data-driven decision-making.
