LinkedIn | Portfolio

A special education teacher with seven years of experience, specializing in education technology, behavior management, and data-driven instruction. A proven track record of incorporating adaptive technologies and social-emotional teaching strategies to support academic and personal growth in students with diverse learning needs.

Key Skills

- IEPs
- Differentiated instruction
- Behavior intervention strategies
- Multisensory learning
- Inclusive classroom management

Professional Experience

● Special Education Teacher

Summit Valley Elementary, Denver, CO | August 2019 - Present

- Design and implement IEPs for over 17 students per semester, resulting in an 85% goal attainment rate.
- Collaborate with interdisciplinary teams, occupational therapists, and speech pathologists to deliver holistic support in alignment with individual student needs.
- To enhance student engagement, integrate multisensory learning strategies, such as interactive whiteboards, auditory learning support, and tactile learning materials.

● Special Education Teacher

Eagle Ridge Middle School, Aurora, CO | September 2012 - June 2019

- Delivered differentiated instruction to classes of 10 to 12 students with various disabilities, including autism spectrum disorder and ADHD.
- Developed behavior intervention plans (BIPs) to address classroom challenges, resulting in an 18% increase in behavioral goal attainment.
- Led professional development workshops for faculty on integrating inclusive teaching strategies into general education classrooms.

Education

● Bachelor of Science in Special Education

University of Colorado, Boulder, CO | March 2017

Certifications

● State of Colorado Special Education Teaching Certification

| May 2017

● Applied Behavior Analysis (ABA) Certification
