name

Full stack developer with over six years of experience building Ruby on Rails applications and modern front ends with React and Vue. Proficient in PostgreSQL, API development, and automated testing. Passionate about clean architecture and developer efficiency.

PROFESSIONAL EXPERIENCE

● Rails Developer

BrightPath Systems, San Francisco, CA | March 2020 - Present

- Developed customer account portal using Rails 7 and React, increasing customer self-service actions by 42%
- Refactored legacy ActiveRecord models and background jobs, cutting monthly server costs by \$9,000
- Integrated third-party APIs including Stripe, SendGrid, and Auth0

● Full Stack Engineer

QuickSpark Inc., Oakland, CA | July 2017 - February 2020

- Delivered features for a B2B logistics platform using Rails 5, PostgreSQL, and Vue.js
- Wrote RSpec and Capybara tests, increasing test coverage from 48% to 92%
- Migrated assets to AWS S3 and optimized image handling across the app

CERTIFICATIONS

● Ruby on Rails Developer Certification

(The Pragmatic Studio | 2021) |

● React and Redux Specialization

(Coursera | 2020) |
