KEY SKILLS

- Assembly line integration
- Code and fire compliance
- Factory layout
- High bay structure design
- LEED for industrial buildings
- OSHA compliance
- Revit
- Utility coordination

PROFESSIONAL EXPERIENCE

SENIOR FACILITIES ARCHITECT | MOTORWORKS DESIGN GROUP, DETROIT, MI

MARCH 2015 – PRESENT

- Oversaw layout and expansion of 10+ major industrial plants, each exceeding 500,000 square feet
- Integrated real-time workflow data to optimize facility layouts for automotive production
- Coordinated BIM models with structural and MEP teams to detect and resolve clashes early

PROJECT ARCHITECT | AXIS INDUSTRIAL ARCHITECTURE, DETROIT, MI

SEPTEMBER 2010 – FEBRUARY 2015

- Created flexible building systems to accommodate tenant shifts in large industrial parks
- Collaborated with construction managers to meet aggressive development timelines
- Conducted site audits and code reviews for design validation

EDUCATION

- Bachelor of Architecture (B.Arch)** | Lawrence Technological University | 2009
